WAITLINE BARRIERS/STANCHIONS

RELIABLE FUNCTIONAL AND AFFORDABLE QUEUING SOLUTIONS

QueuePro 300 Stanchions

The QueuePro 300 is designed for creating large queue systems where its 16' belt halves the number of barriers that are needed with the industry standard 7.5' belt. Fewer barriers lowers total purchase cost and reduces the labor required to set up and take down queue systems. The belt mechanism is housed inside the 3" diameter tube giving the QueuePro 300 a sleek, elegant look and despite the long span the belt won't sag. Made from heavy duty .055 gauge steel and with a solid cast iron base the QueuePro 300 will withstand the wear and tear of high traffic areas.

Reliable & Affordable Queuing Stanchions

QueuePro 300 Series

Break for slow, safe Belt retraction

Belt lock to prevent accidental belt release

Universal belt end connects to all major brands

.055 Gauge Steel/stainless steel

Low profile Cast iron base
